

Be cool and stay connected

- Mix funky curves with diagonal lines for a stylish smartphone
- Ergonomic design with 2.8" LCD display gives you total control
- Get the latest gossip as it happens with Social Hub
- Streamline all your messages with TouchWiz 3.0
- Send faster text messages with new Swype fingertip control
- Customise your screen with new Hybrid Widgets like 'Buddies Now'

Enjoy the best of both world's with the new compact and sleek Galaxy Europa. It's bang on trend with a stylish blend of contours and diagonal lines, while still delivering all the coolest features. These include the Android Éclair operating system, which gives easy access to Android apps like Google Maps, integrated social networking, and the fun new Swype controls for fast fingertip texting. You can also enjoy speedy internet browsing, awesome built-in Layar Augmented Reality Browser (search nearby attractions/services in real-time on the camera view-finder), and an entourage of multimedia – including a 2 megapixel camera, MP4 videos, and easy content sharing with AllShare. With the Samsung Europa, life is a lot more stylish, connected and fun!

Cool Design

Galaxy Europa is sleek and trendy with an ergonomic grip; its asymmetric design adds modernity to the classic mobile form. You don't have to compromise your personal style.

Social Hub

Phonebooks and calendars are all integrated and consolidated, so that you never have to search for a contact number and you never miss an appointment. Also, you can easily choose how they want to interact with people directly from the phonebook. Beside each name are shortcut links that connect to SNS, email, SMS / MMS for convenient communication. You will enjoy full integration of Google, Outlook and Facebook calendars.

Write & Go with TouchWiz 3.0

Europa's new universal text composer for SNS, calendar, memo and message, makes sending quick texts easier than ever before. Simply write down the message first and then select the various destinations – it couldn't be easier.

Swype

Experience a faster and easier way to input text on any screen. Simply connect the dots on your touch-screen keyboard and watch your message take form.

Fast Internet Browsing

The Europa's refreshed User Interface (UI) now comes with an actionable browser, just tap the address bar for instant searches and navigation, and all-new bookmarks with web page thumbnails. It features support for HTML 5 and also provides high-speed wireless data transfers with HSDPA 7.2.

Layar Augmented Reality Browser

Find nearby attractions and services in real-time on the camera view-finder. The Layar app provides a realistic 3D view with zoom capabilities.

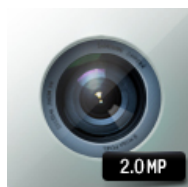

Google Mobile Services

Enjoy easy access to the Google Mobile Services and its , which provides loads of cool downloads including Google Maps, Google Latitude, Google Calendar and much more.

All-share

Samsung's AllShare takes the struggle out of sharing your content with your friends and family. Transfer videos, music and photos from your phone wirelessly and effortlessly to your TV, PC or any other DNLA certified devices.

Handy 2MP Camera

Have more fun with a handy 2MP camera with multiple shooting modes for every occasion. The Europa also supports video recordings, so you will never run out of things to do.
